

GENERATION HOPE SPRING EVENT SERIES

Celebrate, Learn, and Connect with Us This Spring!

MAY 25TH
6:00PM ET

Cocktail Party at Planet Word, 925 13th Street, NW, Washington, D.C.
In-person only

Join us for a fun evening to raise funds for Generation Hope at one of Washington, D.C.'s newest interactive museums.

Planet Word is an immersive language experience located at the historic Franklin School in Washington, D.C. Ideal for all ages, Planet Word is a voice-activated museum (the world's first!), and their interactive galleries and exhibits bring words and language to life in all sorts of fun ways. In addition to experiencing some of the exhibits, guests will enjoy food and dancing on both an outdoor terrace and in a large indoor ballroom.

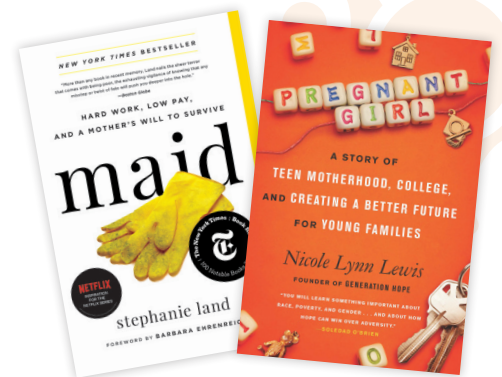

JUNE 3RD
6:00PM ET

Fireside Chat at Planet Word, 925 13th Street, NW, Washington, D.C.
In-person and virtual

You're invited to an inspiring conversation on education, poverty, and family with Nicole Lynn Lewis, Generation Hope Founder & CEO; Stephanie Land, author of *MAID* and inspiration for the NETFLIX series; and a Generation Hope Scholar.

This exciting discussion will take place in Planet Word's auditorium, followed by a book signing of the just-released paperback version of Nicole's memoir *PREGNANT GIRL: A story of teen motherhood, college, and creating a better future for young families* and Stephanie's memoir *MAID*. During the book signing, we will also enjoy refreshments in the museum's library.

The fireside chat will be live streamed for individuals who would like to attend virtually.

“ Lewis proves that teen mom stories are never simple arcs but constellations of inequities of racism and class that catalyze the chemicals in that pregnancy test. Her prose has the power to undo deep-set cultural biases about poverty and parenthood.”

– Lauren Smith Brody, *New York Times* Book Review

“ Land gives shape to the depleting anxiety and isolation that accompany motherhood in poverty for millions of Americans.”

– *The Nation*
